

“WE SHOULD TALK”

Do area legislators know how you feel about disability services?

Sen. Jim Carlson
Eagan

Sen. Greg Clausen
Apple Valley

Rep. Anna Wills
Rosemount

Rep. Laurie Halverson
Eagan

Parents, guardians, and family members attending ProAct, you won't want to miss the next meeting with our state legislators. So much of the direction and funding for the people we serve depends on the decisions they make, and this is a great opportunity to meet them face to face.

We value your thoughts and so do those who are elected to make decisions on your behalf.

Discussion topics:

- funding for day training programs
- choices for those with disabilities
- wages for direct care staff
- transportation funding needs

“They need to know your concern for quality of life, training and employment options for your family member with disabilities,” said ProAct CEO Steven Ditschler. “And, September is a great time to build relationships with leaders while they are not in session at the Capitol. We would love to have you join us.”

When: Thursday, September 21 at 6:30 p.m.

Where: ProAct
3195 Neil Armstrong Blvd., Eagan

Light refreshments served
