Integration

It is ProAct's policy to ensure that all individuals served have the right to participate in community integration, inclusive of employment, medical, therapeutic and or social/community activities, unless otherwise specified in the individual plan. Individuals served have the right to choose community providers for any services or activities provided by or at ProAct as they so desire unless otherwise specified in the individual plan.

ProAct supports individuals in implementing community integration goals and/or activities in their CSSPA/Plan of Care.

- Each person is assessed to identify community integration needs and preferences.
- Each person is asked to identify community integration goals in his/her CSSPA/Plan of Care.
- ProAct provides staff members to assist with integrating individuals served in the community.
- Individuals have the choice of how often they will participate in social/community activities.
- Individuals have the choice as to the types of community activities in which they will participate.
- Individuals are given the choice as to what social activities and/or services they want to participate in within the facility.
- Each person's strengths and preferences are assessed to identify jobs or areas of interest.
- Each person with employment goals specified in their county plan or CSSPA/Plan of Care has the opportunity to choose among employment experiences, including competitive employment.
- ProAct provides specific staff resources allocated toward individual job development.
