Revised 03/22/2015

Unrestricted Use Policy

I-11-F

Reviewed 02/05/2018

It is ProAct's policy to provide an environment for persons served that is physically accessible and supports unrestricted use, unless otherwise identified in an individual's plan (CSSPA).

All of ProAct's satellite facilities are completely accessible. Individuals are encouraged to utilize any of the organization's common areas, unless their plan states otherwise. ProAct has a patio that provides picnic tables and allows persons to smoke. In addition, picnic tables are located in the front area for people that do not want to be around smoke. There is a break/lunch room available at specific times depending on the program in which the individual participates. Because ProAct is an employment training center, individuals' times are restricted to their scheduled breaks. Microwave ovens are provided for individuals to heat up their lunches and refrigeration is available; however, the coolers are not locked, so individuals are encouraged to bring their lunches in their own lunch boxes which can be secured in their lockers.
