

ProAct offers a variety of assessment, employment, enrichment and support services.

Mission

To provide person-centered services that enhances the quality of life for people with disabilities in the areas of employment, life skills and community inclusion.

For 47 years ProAct has served individuals with physical, intellectual and mental health disabilities; with specialized programming for individuals living with brain injuries and Autism Spectrum Disorder. As a private, non-profit organization, ProAct has five service locations in Minnesota and one in Hudson, Wisconsin and serves over 1,400 individuals annually.

Skills Training Assessment – Evaluates participants on a variety of employment options, both group and individual, through an evaluation process over a 6-month time period. Work tolerance, skills development and capabilities; as well as work readiness are included in the process. Final report summarizes the assessment and includes plans for appropriate next steps.

Employment Exploration - Helps participants identify skills sets, explore job opportunities, and participate in job shadows and work tryouts. Business tours and informational interviews are also provided. Employment Exploration includes 60 hours of training and support.

Employment Development and Support – Assists participants to secure competitive employment in the community through an individualized job search process that may include resume development, mock interviews, targeted job leads and more. ProAct provides long term support to ensure stability on the job post-placement.

Group Employment Support (Enclaves) – Provides paid group employment opportunities in the community at partner companies under the direction of a ProAct site supervisor. ProAct provides transportation to and from employer site with ongoing training and support at worksite.

Enrichment Programming – Provides services facilitated at ProAct service locations and in the community that include volunteering, field trips, exercise, cooking, trivia, computer training, self-advocacy, personal care, life skills development and more. The award-winning ProAct Playhouse offers participants the opportunity to write, present, and act in original productions performed both in-house and in the community.

Essential Life Skills – Provides individualized services in the community to help individuals enhance their independence and self-sufficiency. Services include Semi-Independent Living Skills (SILS), Independent Living Skills (ILS), and In-home Family Support Services.
